

# PURIFY<sup>®</sup>

## "MIRACLE" MATTRESS PROTECTOR

Miracle Membrane™ fabric is waterproof yet breathable. It acts the same way as human skin. And while the breathable polyurethane membrane is waterproof, it is not noisy or hot to sleep on like plastic. Dust mites and their waste cannot penetrate the Miracle Membrane™, which helps eliminate allergens. Only 1/8 inch thick, the Purify<sup>®</sup> Mattress Protector won't detract from the comfort and feel of your mattress.
